Hand Hygiene: The First Line of Defense.

Our hands are one of the most essential tools in any industry to complete tasks, handle equipment, and interact with clients and colleagues. At the same time, they are also one of the most common pathways for transmitting germs and bacteria.

At Soapopular®, we are committed to strengthening workplace health and safety by promoting effective hand hygiene practices through the use of high-quality disinfecting products that are Harsh on Germs, yet Gentle on Skin.

Our product formula's are designed to help protect users without compromising the skins natural balance. We believe access to safe and reliable hand hygiene should be universal. That is why we create products that combine proven performance together with skin-friendly care.

**16 - 21
PER HOUR**

The average number of times individuals touch their face.

**20%
DECREASE**

Hand hygiene practices help reduce workplace illnesses.

Protecting Hands, Preserving the Future.

Good Pharmacovigilance Practices (GVP)

- Continuous oversight to ensure products remain safe and effective.
- Expert monitoring systems that uphold regulatory standards.
- Commitment to long-term transparency, trust, and accountability.

Sustainable Packaging and Bottles

- 100% recycled containerboard materials for packaging.
- Bottles made using 25% post-consumer recycled resin (PCR).
- Designed to minimize reliance on newly made plastics.

Partnered with Eco-Friendly Manufacturers

- Investing in renewable energy and efficient machinery.
- Committed to reducing waste and energy consumptions.
- Continuous innovation to minimize environmental impact.

Good Manufacturing Practices (GMP)

- Products are manufactured under strict quality systems.
- Consistency and reliability from batch to batch.
- Reduces the risk of contamination and production errors.

Responsible Sourcing

- Locally sourced materials to help reduce transportation emissions.
- Partnerships with suppliers aligned on sustainability.
- Reducing our carbon footprint across the supply chain.

Recyclable Components

- Foamer pumps are produced with post-consumer plastics.
- Foam pumps are 100% recyclable after after use.
- Dispenser cartridges made with recycled materials and are fully recyclable.

Foam: The Preferred Choice in Hand Hygiene

~2.5x

more applications

~52%

less product per use

~5x

easier to lather

~20%

more prefer foam

Operational Benefits

- Reduce operational costs with extended product lifespans using foam.
- Fewer trips are required for refilling foam products, saving resources and time spent on maintenance.
- Using foam products lowers the chance of waste and hazardous spills on floors.
- Faster to apply and quick to dry, foam helps keep staff on-the-go with reduced downtime.

Application Benefits

- Foam provides a visual coverage, helping users to effectively sanitizer hard to reach places.
- Users can apply foam across the skin faster and easier, requiring less effort to sanitize.
- Foam helps tackle hidden germs under debris and dirt for a thorough disinfecting application.
- Cleaner to apply using foam without drips, messes, and stickyness from using alternative methods.

Experience all the advantages that foam has to offer by making the switch to Soapopular® products within your industry.

Soapopular® Alcohol Free Foam Hand Sanitizer

Harsh on Germs, Gentle on Skin.

HYPOALLERGENIC

SAFER FOR KIDS

FRAGRANCE-FREE

NON-FLAMMABLE

Harsh on Germs, Gentle on Skin. Soapopular® Alcohol Free Foam Hand Sanitizer is backed by 20+ years of continuous circulation across Canada for effective protection and prevention against germs and bacteria.

Hypoallergenic and skin friendly, we have earned the trust of vital sectors and industries as well as households and their families with reliable and effective products that don't sacrifice skin care. Being fragrance and dye free, our alcohol free hand sanitizer helps reduce skin dryness, irritation, and discomfort. Safe to use for everyone and the preferred choice for users who may suffer from dermatitis, eczema, or psoriasis.

Beyond killing harmful germs and bacteria, our products offer an additional layer of safety for facilities and users by inherently being non-flammable. It allows our alcohol free product line to be specialized in a wide-variety of industries, especially where safety concerns take top priority.

Soapopular® is listed as a disinfecting solution meeting Health Canada's requirements for safety, effectiveness, and quality, for use against COVID-19¹

Soapopular® Cartridge Refill System: Alcohol Free Foam Hand Sanitizer Cover and No-Cover Foam Manual Dispensers

1L Cartridge Refill

Product Features

Code: 68000

- **Closed-Loop System:** Our cartridge's remain sealed to to maximize product integrity and hygiene.
- **No Cross-Contamination:** No air exposure with our sealed cartridges prevents cross-contamination.
- **Clean-Tip Technology:** Residual foam is pulled back into the pump after application. No drips, No spills.
- **Click-and-Go Refill:** Dispenser maintenance made easy with swapping cartridges that 'click' into place.

Compatible with our Covered (68111) and No-Cover (68111-NC) Dispensers

Covered Foam Dispenser

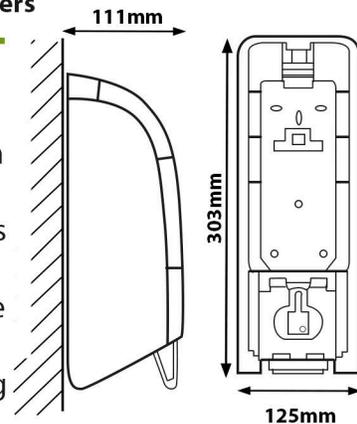

Product Features

Code: 68111

- **Key-Lock Secure:** Equipped with a Key-lock mechanism to prevent theft and tampering of the inner dispenser.
- **Wall-mount Dispenser:** Mounts to most flat-wall surfaces using 2-sided adhesive tape or wall screws. (included)
- **Durable, Built to Last:** ISO:9001:2015 certified and made to handle high-traffic areas with ease.
- **Foam Application:** Consistent foam application, offering 3,000 foam applications between refills.

Requires our 1L Cartridge Refill (68000) (order separately)

No-Cover Foam Dispenser

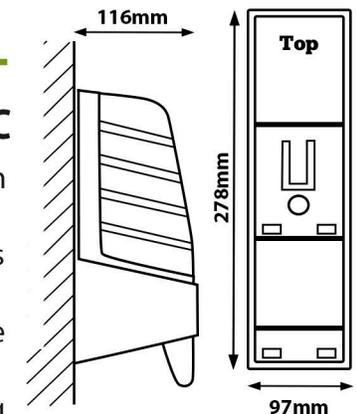

Product Features

Code: 68111-NC

- **Cost-Effective:** Budget-friendly dispenser performs with the same level of quality to meet the needs of clients.
- **Wall-mount Dispenser:** Mounts to most flat-wall surfaces using 2-sided adhesive tape or wall screws. (included)
- **Durable, Built to Last:** ISO:9001:2015 certified and made to handle high-traffic areas with ease.
- **Foam Application:** Consistent foam application, offering 3,000 foam applications between refills.

Requires our 1L Cartridge Refill (68000) (order separately)

Soapopular® Bulk-Fill Refill System: Alcohol Free Hand Sanitizer

Automatic and Manual Foam Dispensers

4L Bulk-Fill Refill Jug

Product Features

Code: 68019

- **High-Capacity Refill:** One of our 4L Refill Jug's can refill up to x4 of our Automatic or Manual dispensers.
- **Multi-Functional:** With the combination of our 4L Foam Pump accessory, our 4L jug becomes a 10,000+ application Station for high-traffic areas.
- **Bulk Ordering:** Maximize value while staying stocked on product with our economical 4L Refill Jug.

Compatible with our Automatic (68002) and Manual (68106) Dispensers

Automatic Foam Dispenser

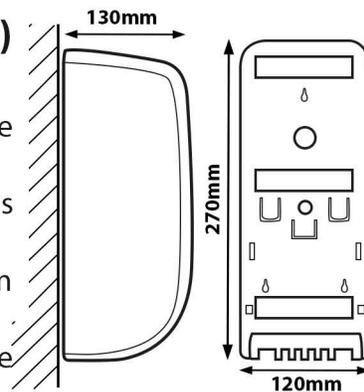

Product Features

Code: 68002-(W,S,B)
(White, Silver, Black) ↗

- **Touchless Activation:** Automatic dispensing reduces the risk of spreading germs through contact.
- **Wall-mount Dispenser:** Mounts to most flat-wall surfaces using 2-sided adhesive tape or wall screws. (included)
- **Key-Lock Secure:** Equipped with a Key-lock mechanism to prevent theft and tampering of the inner dispenser.
- **Multiple Colour Options:** Our automatic dispenser can be ordered in White (W), Silver (S), or Black (B) colours.

Requires our 4L Bulk-Fill Refill Jug (68019) (order separately)

Manual Foam Dispenser

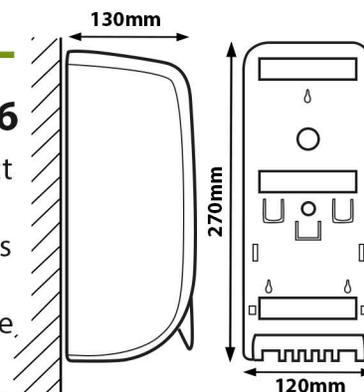

Product Features

Code: 68106

- **Manual Pump Activation:** The dispenser applies product using a simple push-pump lever for fast application.
- **Wall-mount Dispenser:** Mounts to most flat-wall surfaces using 2-sided adhesive tape or wall screws. (included)
- **Button-Lock Secure:** Two buttons located underneath the unit can open the dispenser, limiting access to staff only.
- **Foam Application:** Consistent foam application, offering 2,600 foam applications between refills.

Requires our 4L Bulk-Fill Refill Jug (68019) (order separately)

Soapopular® Antibacterial Foam Hand Soap

Clean Hands, Confident Protection

ANTIBACTERIAL SOAP

TRICLOSAN-FREE

HYPOALLERGENIC

ENRICHED FOAM

Clean Hands, Confident Protection. Soapopular® Antibacterial Foam Hand Soap provides powerful germ-fighting performance while washing your hands without sacrificing skin care.

Hypoallergenic and free from triclosan, parabens, and dyes, our hand soap is designed to reduce skin dryness, irritation, and discomfort, even after frequent use. Its rich foaming action ensures complete coverage across the hands as it lifts away dirt and debris to target germs/bacteria underneath for a thorough clean every wash.

With its DIN registration, Soapopular® Antibacterial Foam Hand Soap meets Canadian regulatory standards for safety, quality, and effectiveness. Ideal for high-traffic facilities, it combines reliable antibacterial protection with user comfort.

Promote effective and sustainable hand hygiene practices every day with Soapopular® products.

Soapopular® is listed as a disinfecting solution meeting Health Canada's requirements for safety, effectiveness, and quality, for use against COVID-19¹

Soapopular® Product Accessories

Flexible Solutions, Anywhere you Need.

Soapopular® Stainless Steel Dispenser Stand System

Strong Support to Tackle High-Traffic Area's.

A Dispenser Details

Soapopular® Automatic Foam Dispenser delivers consistent and reliable applications, up to 2,600 per refill to tackle high-traffic environments with ease.

An infra-red sensor allows for touch-free operation and prevent the spread of germs through contact. The Key-Lock System and protective cover limits access of the inner parts to staff only.

Available in White, Silver, and Black

B Drip-Tray Included

Safety and cleanliness are enhanced with our Drip-Tray, catching excess product to reduce the risk of hazards and slips around the dispenser stand.

C Stainless Steel Stand

Built using Stainless Steel, the dispenser stand offers exceptional durability and resistance to wear from constant daily use. Perfect for facilities demanding strong and reliable dispenser stands.

D Weighted Base

The Stainless Steel Stand features a weighted base that greatly reduces the risk of knock-overs and accidents. This added stability makes our stand the optimal choice for fast-paced environments in need of durable and secure dispenser stands.

Product Name	Product Code
Soapopular® Stainless Steel Stand ONLY	61600-SO
Soapopular® Stainless Steel Stand System - White Dispenser	61600-SW
Soapopular® Stainless Steel Stand System - Silver Dispenser	61600-SS
Soapopular® Stainless Steel Stand System - Black Dispenser	61600-SB

*The included dispenser with this stainless steel stand is compatible with our Alcohol Free Hand Sanitizer formula only.

The dispenser comes labelled with this formula, notifying staff what to use when refilling the dispenser, and to let users know what formula will be dispensed.

Soapopular® Matte Black Dispenser Stand System

Safety and cleanliness are enhanced with our Drip-Tray, catching excess product to reduce the risk of hazards and slips around the dispenser stand.

C Matte Black Stand

Built using Steel coated in black, the dispenser stand increases dispenser flexibility that keeps durability and resilience in mind for facilities demanding strong and reliable dispenser stands.

D Weighted Base

The Matte Black Stand features a weighted base to greatly reduce the risk of knock-overs and accidents. This added stability makes our stand the optimal choice for fast-paced environments in need of durable and secure dispenser stands.

*The included dispenser with this Matte Black stand is compatible with our Alcohol Free Hand Sanitizer only. The dispenser comes labelled with this formula, notifying staff what to use when refilling the dispenser, and to let users know what formula will be dispensed.

Soapopular® Black Adjustable Dispenser Stand System

Flexible Hand Hygiene where you need it.

A Dispenser Details

Soapopular® Automatic Foam Dispenser delivers consistent and reliable applications, up to 2,600 per refill to tackle high-traffic environments with ease.

An infra-red sensor allows for touch-free operation and prevent the spread of germs through contact. The Key-Lock System and protective cover limits access of the inner parts to staff only.

B Two-Formula's Available

This product can be ordered with an automatic dispenser that uses either our Soapopular® Alcohol Free Foam Hand Sanitizer or our Soapopular PLUS® 70% Alcohol Foam Hand Sanitizer formula's.

C Drip-Tray Ready

Safety and cleanliness are enhanced with the built-in Drip-Tray to catch excess product and reduce the risk of hazards and slips around the dispenser stand.

D Adjustable Stand

With added versatility, our dispenser stand can be adjusted for different environments and needs. Suitable for a wide audience, this flexibility allows for adults and children to access the dispenser comfortably by adapting to its surroundings.

E Durable Dispenser Stand

The Dispenser Stand adds stability to our automatic dispensers with increased access to hand hygiene in high-traffic areas. Sturdy in design, our Adjustable Dispenser Stand offers a clean and secure way of sanitizing the skin when on-the-go.

*The dispenser included with this adjustable stand is compatible with both our Alcohol Free Hand Sanitizer and 70% Alcohol Hand Sanitizer's only.

The dispenser comes labelled with one formula, notifying staff what to use when refilling the dispenser, and to let users know what formula will be dispensed.
