

Soapopular® Foam Auto-Dispenser

Configured for: Soapopular® Alcohol-Free Foam Hand Sanitizer

- Designed for high-traffic areas and broad application across multiple industries in need of effective and professional dispensing solutions, facility-wide.
- Our high-capacity dispenser offers 2,600 applications using an Infrared Sensor to detect users' hands and apply a consistent amount of foam hand sanitizer.
- This dispenser utilizes our Bulk-Fill Refill System for improved cost-efficiency and high-volume usage with our 4L Refill product.
- Equipped with a key-locked protective cover, our dispenser limits access to internal components to employed personnel only.
