

Black Adjustable Floor Stand

Dispenser Stand System

Increase accessibility and usability of hand hygiene products by using Soapopular® Black Adjustable Stands. Utilized in high-traffic areas, entrances and exits to place our Automatic Dispensers where where hand hygiene is needed.

Highlights and Features

- Made of durable Black Aluminum construction to tackle high-use areas with ease.
- Designed with height flexibility to accommodate users and improve access to hand hygiene.
- Integrated Drip-Tray to catch excess drips after every application, preventing slipping hazards around the dispenser stand.
- Can be ordered as an independent floor stand or as a complete floor stand system equipped with our Automatic Foam Dispenser.

Adjustable Height Design

Improve accessibility to hand hygiene products with our adjustable stand that helps accommodate users of different heights.

Black Adjustable Floor Stand

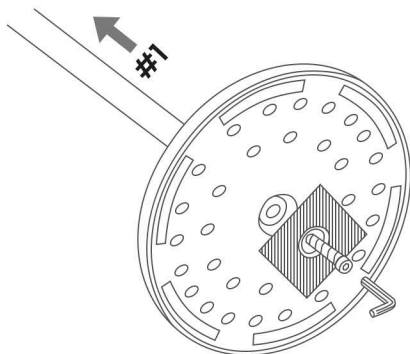

Components Included

- Floor Stand Base x1
- Upper and Lower Pole x1
- Bill Board x1
- Fixed Round Block x1
- Screw Accessories x1 Bag
- Key x1
- Washer Plate x1

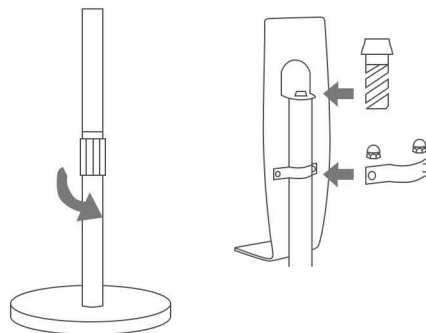

Installation Instructions

Step 1

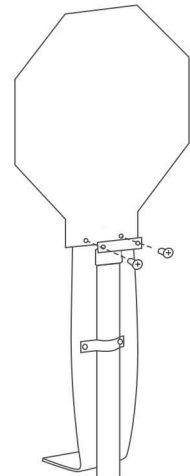

Place the lower pole on base. Connect together with the black plate and screw. Tighten with allen key.

Step 2

Twist both poles together. Put installation panel on top of the pole and connect with screws, hoop, and nuts.

Step 3

Align screw holes of the sign with holes at the top of stand backplate. Tighten together with washer plate in-between.
